UPCOMING DWEN PROGRAMS

MAY 13

Winning for Women presented by Deb Sofield

Are you concerned about issues being addressed by our politicians in the Upstate, Columbia, and Washington? How can women impact those issues and the decisions being made that affect us? As a winning politician and successful businesswoman, Deb Sofield knows what it takes to have a voice in those decisions - taking office. In this "political primer," Deb will share what it takes for elected leaders and candidates for office to succeed in today's high-tech, fast paced world. Today's politicians need to present a total package to impact a mostly unformed, uninterested and unresponsive public. And that burden increases on the *female candidate* who also has to justify to a skeptical public why she wants to hold public office.

Deb Sofield is an award-winning speaker, presenter, and executive speech coach who trains men and women throughout the nation for success in public speaking, presentation skills, and message development. She helps executives and elected officials become skilled public speakers by polishing their natural abilities. Deb began her political career at 13 and has an impressive record of winning hard fought campaigns and public policy referendums. Her most recent win is as the first woman to be elected to serve on the Greenville Water Commission in its 90 year history.

**There is an alternate location for the May meeting. We will meet at the Devenger Road Presbyterian Church Fellowship Hall.
